

Gulet Pacha

Pacha was built in 2000 by a famous Turkish shipyard in the city of Tuzla near Istanbul. She was a fully-customized order for a private owner under the name Pacha 1. Following a typically Turkish design, the main material used was high quality mahogany. She has mainly been in private use, fully-crewed and always maintained to the highest standards. Pacha's luxurious interior ensures sumptuous accommodation for 8 guests, using calm colors to create a relaxing atmosphere. Guests are accommodated in one master stateroom, two double cabins and one twin cabin forward, with three further cabins aft. The exterior deck contains two spacious sun bathing areas and a large dining table aft. The boat is equipped with two jet-skis and many other toys to ensure a fantastic vacation experience.
